

AFIFEH HOSSEINI

Project manager/ Scrum master

I am an Agile-focused project manager with 5 years of experience directing projects from ideation to successful launch, as well as a good background in frontend development. I am an expert in cross-functional team leadership, Scrum, Kanban, and XP methodologies, as well as resource allocation. I have a proven track record of completing projects on schedule and within budget. I'm skilled at using technical knowledge to enhance project execution, troubleshoot barriers, and guarantee projects meet standards.

EXPERIENCE

PROJECT LEAD & FRONTEND DEVELOPER

AHDESIGN

2022-PRESENT

Managed multiple web application projects, emphasizing performance optimization, UI/UX, and cost management.

- Used Agile/Scrum approaches to manage cross-functional teams of developers, designers, and marketers, resulting in seamless collaboration and excellent communication. Led SDLC for multiple web applications, and developed progressive web applications (PWAs) with native-like functionality for desktop and mobile.
- Optimized budget by 10% through strategic planning and creative solutions, including efficient operations and infrastructure costs.
- Increased customer satisfaction significantly.
- Improved user experience (UI/UX) and ensured consistent app functionality across all devices.

WEB PROJECT MANAGER & FRONTEND DEVELOPER

OPENSOFIA FOUNDATION

2021- 2022

I combined my project management experience and front-end development talents to deliver engaging web experiences. I directed the whole development life cycle, including planning, designing, developing, testing, and executing.

- Implemented agile Scrum and Kanban methodologies for successful project management, resulting in better cooperation and communication.
- Improved website speed by 3x all while improving readability, user-friendliness, accessibility, and SEO.
- Ensured cross-device and cross-platform compatibility to provide a consistent user experience.
